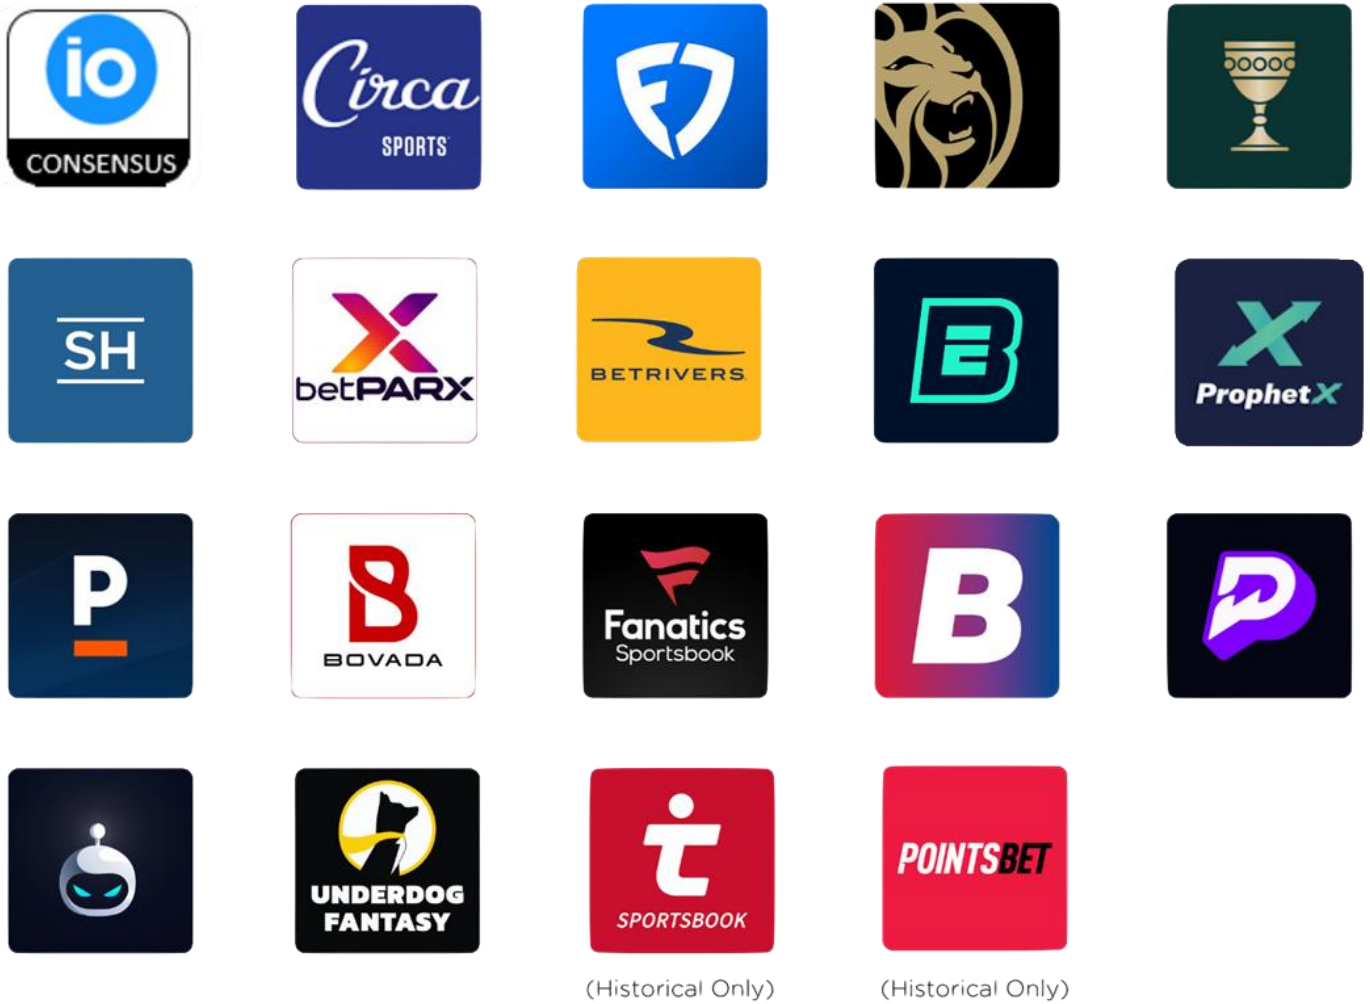
Industry Leading Coverage



(Historical Only)

(Historical Only)

Pre-Match
Pre-match spreads, moneyline, and totals including full game, halves, quarters, 1st- 5th, etc.

In-Play
Betting markets that are available after the start of a game and provided throughout the duration of the event, including all price changes and line movement with a timestamp.

Props
Available player and team prop betting markets across all major stat categories for all games.

Futures
Betting markets that are related to future events, not individual games. Futures markets are continuously synced for updates as line movement and odds changes occur.

Available markets by sportsbook may vary.
Details of all available markets begin on slide 5.
